WEEK 4

Team Name: Undergraduate Lab Portal

Date of Meeting: 28/03/2026

Start Time: 11 AM

End Time: 12 AM

Meeting Location: Epoka Univesity

Moderator: Sibora Kociu

Recorder: Redi Cuka

Other Members Present: Nikol Isaku, Arbiana Muka, Megi Sollaku, Arlind Disha, Arli Asllani

Members Absent: -

Topics Discussed:

This week, we refined the system by filtering and selecting the most relevant use cases that align with the functionalities we plan to implement in our code. We updated and corrected the use case diagrams to accurately reflect these functionalities. Additionally, we worked on activity diagrams, sequence diagrams, and further refined the use case diagrams based on feedback and topics discussed during the last lab session.

Progress Report

1. **Sibora Kociu + Redi Cuka:** Continued working on the Professor user role by filtering and refining use cases, updating the use case diagrams to match the intended system functionalities, and contributing to the development of activity diagrams and sequence diagrams.
2. **Arlind Disha + Arli Asllani:** Improved the Admin user role by refining and correcting use cases, aligning diagrams with the actual system functionalities, and working on activity diagrams and sequence diagrams.
3. **Nikol Isaku + Arbiana Muka + Megi Sollaku:** Expanded the Student and External Programs & Partnerships Office roles by filtering and refining use cases, updating the diagrams to reflect the selected functionalities, and contributing to the creation of activity diagrams and sequence diagrams.

Conclusion:

During this week, the team focused on refining and aligning system functionalities with the actual implementation goals. The diagrams were improved and expanded with activity and sequence diagrams, making the system more accurate, consistent, and easier to understand.
